## Independent Certification Milestone SIRIM QAS

Bahru Stainless is pleased to share that we have been granted a SIRIM QAS Product Certification License for our stainless steel flat products, certified to MS 2240-1:2009.

For our global customers and partners, this milestone adds an additional layer of confidence through independent, third-party certification and authorizes the use of the SIRIM certification mark for the certified scope. It reinforces our focus on standard-based manufacturing, compliance governance, and consistent execution the fundamentals that matter to project teams, buyers, and investors.

Thank you to our teams across operations, quality, and compliance for delivering this achievement. We remain committed to strengthening trust and long-term value through disciplined systems and verified performance.
