## MACTECH Egypt — Cairo | 18–21 December 2025 Visit Bahru Stainless: Hall 2, Booth 2J13

From Malaysia's stainless steel mill engineered with European know-how to Cairo's premier manufacturing stage. We're showcasing flat stainless built for specification-driven projects: coils, sheets/plates, and slits on 2D/2B/2BB base, with polished options No.4, Satin (Scotch-Brite), Hairline, Mirror. Expect disciplined surfaces, repeatable appearance, and partner-grade service.

Assurance that travels Certified to ISO 9001 and ISO 14001, with compliance support for PED, CE/UKCA, BIS, and JIS giving buyers and investors confidence from first discussion to final delivery.

Plan your 2026 pipeline Meet our team to review grade, thickness, width, finish, and align indicative lead times, packaging, and delivery windows that protect your schedule.
